Advance Notice to People with Medicare **That Medicare Will Not Pay for Certain Foot Care Services and Items**

When you receive foot care services and items that are not Medicare benefits, you are responsible to pay for them personally or through any other insurance that you may have. Medicare does not pay for all of your health care costs. Medicare only pays for covered benefits. When services or items are **not Medicare covered benefits**, Medicare **will not pay** for them.

The purpose of this advance notice is to help you make an informed choice about whether or not you want to receive these foot care services or items, knowing that you will have to pay for them yourself. We do not send claims to Medicare for foot care services or items that are always excluded from Medicare coverage.

Before you make a decision, you should read this entire notice carefully.

The Medicare program does not cover most routine foot care and flat foot care. The Medicare law clearly excludes coverage for services in connection with "the cutting or removal of corns or calluses, the trimming of nails, and other routine hygienic care". The Medicare law clearly excludes coverage for services in connection with "treatment of flat foot conditions and the prescription of supportive devices therefore" or with "the treatment of subluxations of the foot". Providers may not be required to submit Medicare claims for such services.

A narrow **exception** permits coverage of some foot care services when certain conditions result in severe circulatory problems or areas of diminished sensation.

The Medicare program does not cover most orthopedic shoes or other foot supports (orthotics). The Medicare law clearly excluded coverage for services in connection with "orthopedic shoes or other supportive devices for the feet".

A narrow **exception** permits coverage of special shoes and inserts for certain patients with diabetes.

For people with Medicare, this means that Medicare will not pay for most routine foot care, flat foot care, orthopedic shoes, or orthotics, because they are not Medicare covered benefits. Payment for these excluded foot care services and items is your responsibility.

If you have any additional questions concerning Medicare coverage for foot care services or items, you can contact Medicare at 1-800-MEDICARE (1-800-633-4227)

This notice is published by American Podiatric Medical Association, 9312 Georgetown Road, Bethesda MD 20814-1621. The Centers for Medicare & Medicaid Services has reviewed this APMA notice about foot care coverage and confirmed the accuracy of its content. This notice is only a general summary of foot care exclusions from Medicare benefits. It is not a legal document. The official Medicare program provisions are contained in relevant laws, regulations and rulings.

Patient Financial Policy

Your understanding of our financial policies is an essential element of your care and treatment. If you have any questions, please discuss them with our front office staff or supervisor.

*As our patient, you are responsible for all authorizations/referrals needed to seek treatment in this office.

*Unless other arrangements have been made in advance by you, or your health insurance carrier, payment for office services are due at the time of service. We will accept VISA, MasterCard, Discover, cash or check.

*Your insurance policy is a contract between you and your insurance company. As a courtesy, we will file your claim for you if you assign the benefits to the doctor. In other words, you agree to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will have to look to you for payment.

*We have made prior arrangements with certain insurers and other health plans to accept an assignment of benefits. We will bill those plans with which we have an agreement and will only require you to pay the co-pay/co-insurance/deductible at the time of service.

*If you have insurance coverage with a plan with which we do not have a prior agreement, we will prepare and send the claim for you on an unassigned basis. This means your insurer will send payment directly to you. Therefore, all charges for your care and treatment are due at the time of service.

* All health plans are not the same and do not cover the same services. In the event your health plan determines a service to be "not covered" or you do not have an authorization, you will be responsible for the complete charge. We will attempt to verify benefits for some specialized services or referrals; however, you remain responsible for charges to any service rendered. Patients are encouraged to contact their plans for clarification of benefits prior to services rendered.

*You must inform the office of all insurance changes and authorization/referral requirements. In the event the office is not informed, you will be responsible for any charges denied.

*For most services provided in the hospital, we will bill your health plan. Any balance due is your responsibility.

*There are certain elective surgical procedures for which we require pre-payment. You will be informed in advance if your procedure is one of those. In that event, payment will be due one week prior to the surgery.

*Past due accounts are subject to collection proceedings. All costs incurred including, but not limited to, collection fees, attorney fees and court fees shall be your responsibility in addition to the balance due this office.

*There is a service fee of \$25 for all returned checks. Your insurance does not cover this fee.
